## NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

We are committed to protecting health information about you. Starobin Counseling, LLC creates a record of the care and services you receive from Starobin Counseling, LLC. We need this record to provide you with quality care and to comply with certain legal requirements. This notice applies to all of the records of your care generated by this mental health care practice. This notice will tell you about the ways in which Starobin Counseling, LLC may use and disclose health information about you. Starobin Counseling, LLC also describes your rights to the health information we keep about you, and describe certain obligations we have regarding the use and disclosure of your health information. Starobin Counseling, LLC is required by law to:

- Make sure that protected health information ("PHI") that identifies you is kept private.
- Give you this notice of the legal duties and privacy practices of Starobin Counseling, LLC with respect to health information.
- Follow the terms of the notice that is currently in effect.
- Starobin Counseling, LLC can change the terms of this Notice, and such changes will apply to all information we have about you. The new Notice will be available upon request, in the office, and on the Starobin Counseling, LLC website.

II. HOW STAROBIN COUNSELING, LLC MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU: The following categories describe different ways that Starobin Counseling, LLC uses and disclose health information. For each category of uses or disclosures Starobin Counseling, LLC will explain what we mean and try to give some examples. Not every use or disclosure in a category will be listed. However, all of the ways Starobin Counseling, LLC is permitted to use and disclose information will fall within one of the categories.

For Treatment Payment, or Health Care Operations: Federal privacy rules (regulations) allow health care providers who have direct treatment relationship with the patient/client to use or disclose the patient/client's personal health information without the patient's written authorization, to carry out the health care provider's own treatment, payment or health care operations. Starobin Counseling, LLC may also disclose your protected health information for the treatment activities of any health care provider. This too can be done without your written authorization. For example, if a clinician were to consult with another licensed health care provider about your condition, we would be permitted to use and disclose your person health information, which is otherwise confidential, in order to assist the clinician in diagnosis and treatment of your mental health condition.

Disclosures for treatment purposes are not limited to the minimum necessary standard. Because therapists and other health care providers need access to the full record and/or full and complete information in order to provide quality care. The word "treatment" includes, among other things, the coordination and management of health care providers with a third party, consultations between health care providers and referrals of a patient for health care from one health care provider to another.
